C
Python
SQL

PROJECTS

Personal Website: Designed and built a personal website in which I can test my website development skills using React/Redux, HTML, CSS, ES6, Node.js, and Bootstrap.

Reddit Recommender Sys: Built a webapp that uses both user-user and item-item recommenders to suggest Reddit communities the user may be interested in.

Multiplayer Chrome Game: Designed and built webapp where players can interact with each other in real time by joining or creating a lobby.
